- a calendar of concerts to keep the choral community connected and supporting each other
- job listings to help professional musicians advance their career and to help organizations find the talent they need to supercharge their programs.
- a directory of resources and businesses providing services that cater to vocal musicians at all levels.
- information about opera, musical theater, and recitals to spotlight solo performances
- concert reviews to bring attention to and celebrate the amazing work being done by the singers in our community

REVIEWS

The review of VAE's concert was one of the most insightful reviews I've ever read. [It] went far beyond the usual verbiage that reviewers use, leading the reader to consider things that only a very experienced performer is likely ever to be aware of or to have thought about.
